WORK EXPERIENCE

- **Teaching Assistant | Darshan University** **Nov 2023 - May 2025**
Guided students in SQL Server-based RDBMS implementation and Object-Oriented Programming with Java.

PROJECTS

- **Sales Report Processing System | M.D.PATEL Tax-Consultant** **Jan 2025 - Feb 2025 | Semester 6**
Created a Flask-based system to help accountants process and format sales reports from Flipkart, Amazon and Meesho into Excel files compatible with Miracle accounting software. Enabled automated data processing and streamlined financial entry. I continue to provide updates and maintenance for the system.
- **SQL Stored Procedure Generator | Darshan University** **Dec 2024 | Semester 6**
Built with ASP.NET MVC, .NET Web API and MSSQL, this tool generates stored procedures via a web interface with customizable CRUD operations. I developed the API layer. Key features include dynamic table selection, column checkboxes and syntax-highlighted output.
- **Group Expense Management System | Darshan University** **Aug 2024 - Oct 2024 | Semester 5**
Created a .NET MVC and SQL Server-based group expense management system with OTP email verification, equal splitting, settlements, Excel export, real-time updates and accurate contribution tracking. Added multi-currency support (INR, USD, EUR) for cross-region financial management.

HARD SKILLS

ASP.NET Core || OOP(Java-C#-Python) || Microsoft SQL Server || Flutter

EDUCATION

- **Computer Science & Engineering | Darshan University, Rajkot** **Oct 2022 - Expected in 2026**
Cumulative Performance Index - 9.26
- **Higher Secondary Certificate | Shree Mahatma Gandhi, Rajkot** **June 2021 - Mar 2022**
Percentage - 69.85%
- **Secondary School Certificate | Shree Mahatma Gandhi, Rajkot** **Apr 2019 - Mar 2020**
Percentage - 74.83%

CERTIFICATIONS

- Code-A-Thon, Event of Frolic 2024 **Sep 2024**
- SQL (Basic & Advanced), Issued by HackerRank **Aug 2024**
- Web Development Using Angular, One Day Hackathon Organized By Darshan University **Dec 2023**
